PROFILE

MERN stack developer with 2.5+ years of experience in building scalable and responsive web applications. Skilled in MongoDB, Express.js, React.js, and Node.js, with a strong ability to translate complex requirements into technical solutions. Committed to writing clean and maintainable code, ensuring application security, performance optimization, and continuously improving through the adoption of modern web technologies.

WORK EXPERIENCE

MERN Stack Developer

Patoliya Infotech LLP

Jan 2023 - Jan 2025

- At Patoliya Infotech, I had the opportunity to leverage my skills in the MERN stack to develop cutting-edge web applications. As a key member of the development team, I played my role in architecting and implementing robust, scalable solutions that fulfilled our client's diverse needs.
- My experience at Patoliya Infotech provided me with invaluable insights into full-stack web development, honed my proficiency in the MERN stack, and equipped me with the skills to tackle complex challenges in the ever-evolving tech landscape.

9Dot Technology

Jan 2025 - Present

- At 9Dot Technology, I have been primarily engaged in developing fintech solutions using the MERN stack. This role has allowed me to contribute to secure, high-performance web applications tailored to the financial sector's specific requirements.
- My ongoing journey at 9Dot Technology has strengthened my understanding of fintech systems, enhanced my problem-solving skills, and encouraged continuous learning as I expand my expertise with modern tools like TypeScript and Next.js to stay aligned with current industry trends.
